

NOW OFFERING TELEPHONE and VIRTUAL CARE

You may still wonder if it is safe for you to come to Pan Am Clinic, or if you can get advice specific to your bone, joint, or muscle problem. Our staff and physicians are working hard to adapt to your needs and we are now offering TELEPHONE AND VIRTUAL VISITS.

TELEPHONE and VIRTUAL VISITS are a great option for social distancing and protective isolation for those at increased risk.

For new patients or existing patients requiring follow-up care, we are offering phone or virtual visits with your physician. Please contact the appropriate department (as listed below) so that a physician may determine if a phone or virtual visit is an appropriate option for your care. We will do our best to accommodate you.
